MORRIS COUNTY  
WORKPLACE BLOOD DRIVE

**Give Blood. Save Lives.**

Encourage your co-workers, employees and other local businesses to participate in the Morris County Workplace Blood Drive. Blood collected will help to supply the blood bank of Morristown Memorial Hospital, a state-designated regional trauma center, and the largest hospital in our area.

Every minute of every day, someone in New Jersey needs blood. Individuals who are undergoing surgery, trauma and burn victims, and patients with diseases and other illnesses rely on blood donations throughout the year. One single blood donation can save 3 lives, and it only takes 1 hour.
