

COUNTY COLLEGE of MORRIS

Randolph ❖ New Jersey

County College of Morris is committed to the success of each individual student, as well as to the community at large. To that end, the College pursues partnerships that will benefit both, and the Office of Career Services and Cooperative Education actively supports that effort.

The Cooperative Education and Internship Program combines academic studies with practical, on-the-job experience enabling students from a variety of majors to apply theories and skills learned in the classroom to real work situations. For employers, it provides numerous cost-saving and staffing benefits, as well the opportunity to support their communities and influence the educational process.

A co-op student works 300 hours in a paid position. An intern is unpaid and works a total of 150 hours during the semester. The following is a list of majors that offer Cooperative Education. Those with an * also offer Internships.

Biotechnology	Graphic Design *
Business	Hospitality Management
Chemical Technology	International Studies
Computer Information Systems	Landscape and Horticultural Technology
Communications *	Media Studies/Broadcasting *
Dance	Media Studies/Journalism *
Digital Media Technology *	Mechanical Engineering Technology
Early Childhood Education / Group Teacher	Photography Technology
Electronics Engineering Technology	Telecommunications Systems Technology

All cooperative education and internship placements are credit-bearing and concurrent with academic semesters. Employers work with the Office of Career Services and Cooperative Education and student faculty advisors to ensure that co-op/internship opportunities are mutually beneficial.

To participate, contact CCM's Office of Career Services and Cooperative Education to discuss your hiring needs and the referral of candidates.
