

## ***About Morris County School of Technology***

The Morris County School of Technology offers publicly-supported academic and career academies for Morris County high school students. Academies are scholastically-challenging “schools within a school” designed to attract students who have similar interests and aspirations.

*The Academies of Morris County* are individual magnet high schools that offer students with similar interests and aptitudes a challenging and exciting curriculum designed to prepare them for the rigors of college and a future career.

All 12<sup>th</sup> grade students are to complete a structured learning experience (internship), which consists of 160 hours.

**The Morris County School of Technology can provide you interns from the following areas:**

- Automotive Sciences
- Visual & Performing Arts
- Networking Information
- Cosmetology
- Construction Arts
- Mathematics, Science and Engineering
- Veterinary Science
- Health Care Sciences
- Child Related Careers
- Law & Public Safety
- Culinary Arts
- Finance and International Business

### **Benefits to You and Your Business**

- Build professional relationships with bright and energetic future members of the workforce
- Recognition by students, parents and community members
- Pride in promoting your profession
