

Berkeley College, an accredited college offering Bachelor's and Associate's business degrees, has built a reputation as a leader in quality education for over 75 years.

One of the unique aspects of our academic programs is that each student, regardless of major, is required to do an internship prior to graduation. This internship consists of at least 300 hours in the intern candidate's major field of study.

Since Berkeley College is based on a quarterly format, internship candidates are available four times a year – January, April, July and September – at both the Bachelor's, and Associate's degree levels. Deadline dates for these quarters are fixed at the end of the first full week of that month.

The areas where we can provide you with qualified interns are:

- Accounting
- Business Administration
- Fashion Marketing and Management
- Financial Services
- General Business
- Health Services Administration
- Health Services Management
- Interior Design
- International Business
- Justice Studies.
- Management
- Marketing
- Paralegal Studies

Across our campuses, located in New Jersey, New York and Online, we have 20 Career Services Professionals available to assist you in finding the interns you need.

In addition to our internships, we graduate students throughout the year and can help you find strong employee candidates. Our alumni network is over 10,000 giving us access to a wealth of experienced professionals.
