

Leadership Morris teaches business professionals about the opportunities, the challenges, the institutions and the people of Morris County. The program is designed for recognized leaders and for those professionals identified for future leadership responsibilities, whose business acumen and community consciousness will make a difference in Morris County.

Community Education - Each month the class is immersed in a different content area to learn about the issues and meet the “players” in decision-making positions. Sessions are held “in the field” throughout Morris County, giving class members first-hand exposure to the subject matter and broadening their understanding of the geographic, economic and cultural diversity of the area. Participants are introduced to the people who are making things happen, and themselves join the network of “movers and shakers” who will shape the future of Morris County.

Professional Development - In addition to the issue of education, participants are provided with opportunities to polish skills in public speaking, collaborative teamwork, and time management. **Leadership Morris** is an ideal program for business executives and leaders new to the area, who will benefit from an instant “in” to who’s who and what’s what in the community.

Community Trusteeship - Class members are exposed to the contribution of some 50 non-profit service organizations in Morris County and gain important insights into the responsibilities and rewards of community board service. Graduates are encouraged to pursue service in elected, appointed and volunteer roles.

Business Networking - Over the course of the year, participants make strong connections with their classmates – other high-level business professionals in the Morris County area. The networking benefits of the **Leadership Morris** experience extend far beyond the program year, as graduates take advantage of membership in the dynamic and engaged Alumni Association.

Up to 30 individuals will be selected to comprise the Leadership Morris Class of 2019. Candidates must:

- have evidence of career or community achievement and an interest in serving Morris County;
- live, work or do business in Morris County; and contribute to the diversity of the class composition (large corporations, small businesses, non-profit organizations, governmental services, educational institutions, etc.).

(Limited scholarship assistance may be available for non-profit applicants.)

“My Leadership Morris experience was multi-faceted and invaluable. This challenge and the contacts I made meeting this challenge have proven to be life altering for me. I will forever be indebted to my boss for having provided this opportunity for me.”

Susan Hunter, LM '15, Morris County Sheriff's Office

“I signed up for Leadership Morris because a few people told me that it was a great program and that it would make an impact. It exceeded my expectations.”

Vince Maffucci, LM '15, Merrill Lynch
